- We discussed the possibility of a Facebook page.
- Google earth has new images, and you can now see the trails
- We discussed possible boardwalks for the pathway near the historical building. It gets very wet in that area and sometimes impassable.
- Wood for a bridge we need to make sure it is handicap accessible.
- Looking at the possibility of dismantling the barn. Needs a lot of work if we are going to restore it.
- We would like to have more benches maybe along the tree line by the softball fields. Steve Wade is still working on the educational and interpretive signage and a tree map.
- We are going to create a mowing and maintaining plan in writing.
- We went over our management plan to be presented to the board.
- The Albany Environmental Advisory Council would like us to hold off the mowing schedule due to birds nesting until July.
- Get in contact with a boy scout group for a possible bird and plant walk.
